Kuala Lumpur

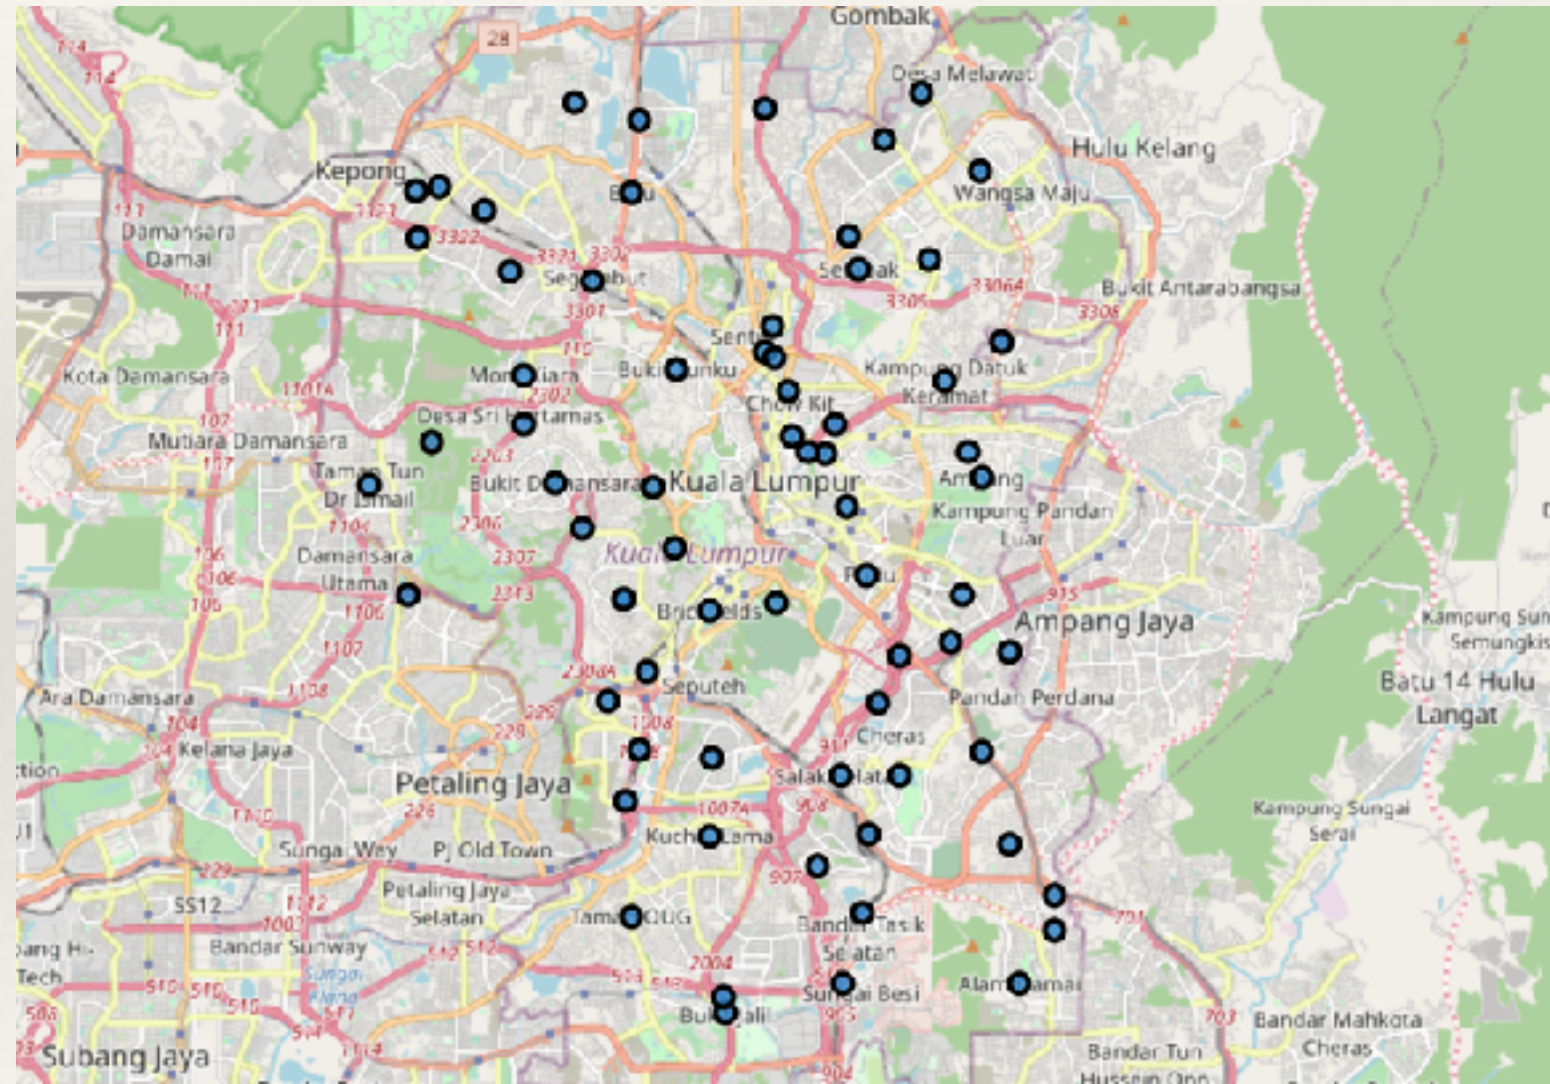

Where to build a train station.

The Problem

- ❖ Imaging you are on your way to Kuala Lumpur Malaysia via train.
- ❖ You have a few business meetings planned and want to go shopping afterward before heading back home via train.
- ❖ Of course you want to arrive in a central location.

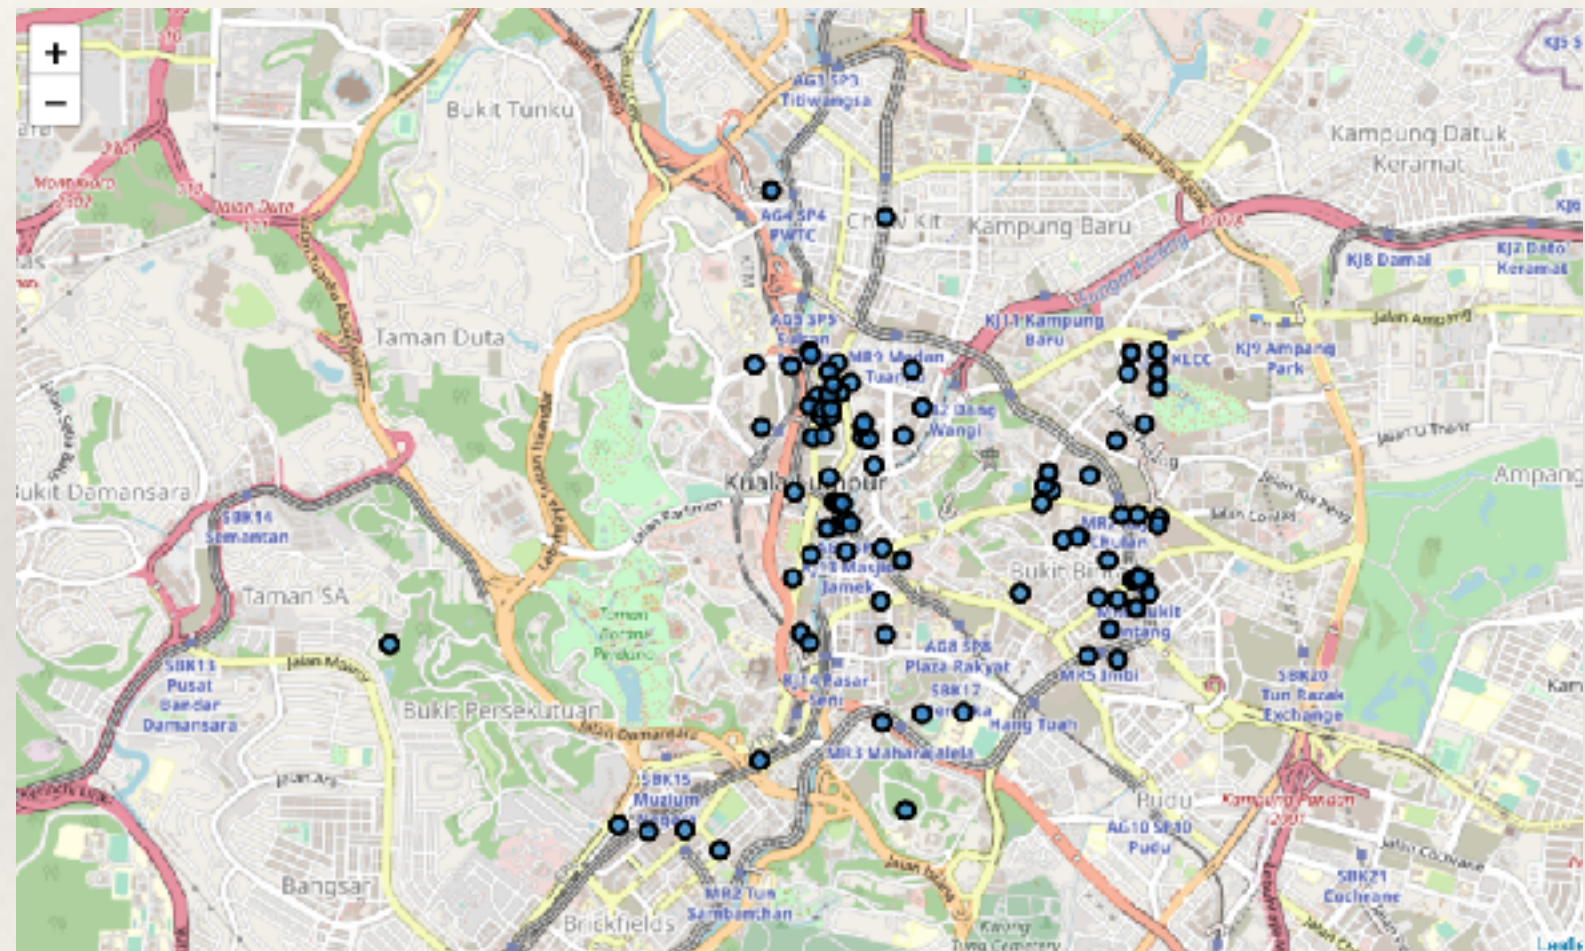

What is Kuala Lumpur

- ❖ Kuala Lumpur has more than 70 neighborhoods and a population size of around 2 million

Where are the hot spots?

- ❖ As we can see on the map, the major hot spots are located in the city centre.

Where to build a train station?

- ❖ Picking the location of a train station is easy. Let us put it right into the middle of the hot spots.
